ABOUT US

As a rapidly expanding conglomerate with a diverse portfolio across multiple industries, Al Reesi Group is uniquely positioned to leverage synergies and drive innovation.

This impressive growth trajectory is a testament to our strategic vision, adaptability, and ability to capitalize on emerging market trends. By maintaining a keen focus on customer needs and operational excellence, Al REESI GROUP can continue to thrive, setting benchmarks in each sector we operate in.

As we expand our reach, consider investing in sustainable practices and cutting-edge technologies to not only enhance efficiency but also contribute positively to the communities we serve.

With a robust foundation and a forward-thinking approach, our conglomerate is poised to shape the future of industry landscapes globally.

LOGISTICS & 3PL

In an era of unprecedented supply chain complexity, Al reesi Group Solutions stands as a beacon of reliability, innovation, and partnership. We are a premier third-party logistics (3PL) provider dedicated to transforming logistical challenges into competitive advantages. Our mission is to deliver tailored, technology-driven logistics solutions that provide our clients with unparalleled visibility, control, and efficiency. We don't just move goods; we engineer end-to-end supply chain ecosystems that are resilient, agile, and primed for growth.

our services

- Strategic Warehousing: A network of secure, strategically located facilities (including fulfillment centers) for optimal inventory placement.
- Value-Added Services (VAS): Kitting, assembly, labeling, packaging, and product customization.
- Cross-Docking: Reducing handling costs and storage time by transferring products directly from inbound to outbound transportation.
- Order Fulfillment: Advanced pick, pack, and ship operations with 99.9%+ accuracy, integrated with all major e-commerce platforms.

E-FILING & DOC STORAGE

In an era defined by data proliferation and escalating cyber threats, organizations require a partner who can transform their document management from a liability into a strategic asset. AI Reesi groupolutions is a premier provider of secure electronic document storage and intelligent file management systems. We empower businesses to protect their most critical information, ensure regulatory compliance, and unlock operational efficiency through our cutting-edge, user-centric platform. Our mission is to provide a fortress for your digital assets while making them seamlessly accessible to the right people, at the right time

Our services

Our platform is packed with powerful features designed to meet the complex needs of modern enterprises

- **Bank-Level Security:**

1. **End-to-End Encryption::** AES-256 encryption for data at rest and TLS 1.3 for data in transit.
2. **Granular Access Control::** Role-Based Access Control (RBAC) allows for precise permission settings down to the individual file and folder level.
3. **Multi-Factor Authentication (MFA)::** An essential layer of security to prevent unauthorized account access.
4. **Comprehensive Audit Trails::** Log every action (view, download, edit, share) for full accountability and forensic analysis.
5. **Data Loss Prevention (DLP)::** Automated policies to prevent sensitive data from being exfiltrated.

- **Intelligent Management & Collaboration:**

- 1 **AI-Powered Search::** Find any document instantly using natural language queries, content search (including within scanned documents via OCR), and metadata filters.
2. **Version Control::** Track every change, maintain a complete version history, and prevent conflicts from simultaneous edits

INTERIOR & FITOUTS

we transform spaces into inspiring environments. With a reputation built on precision, innovation, and integrity, we specialize in turnkey fit-out solutions and bespoke interior works across commercial, hospitality, retail, healthcare, and residential sectors.

With a team of seasoned architects, designers, project managers, and skilled craftsmen, we deliver fully integrated services—from concept design to execution—ensuring every project reflects our client's vision while meeting the highest industry standards.

Our Expertise

- [Turnkey Fit-Outs](#)

We provide end-to-end fit-out services tailored to our clients' functional and aesthetic needs. From structural modifications to final finishes, our seamless project delivery ensures quality, speed, and cost-efficiency.

- [Interior Design & Execution](#)

Our design team brings fresh perspectives, creating interiors that balance form and function. Whether it's modern minimalism or classic elegance, we craft interiors that are timeless, engaging, and uniquely aligned with each client's brand or lifestyle.

- [Custom Joinery & Finishes](#)

In-house joinery production allows us to ensure fine craftsmanship, durability, and personalized detailing in every component—from custom cabinetry to wall paneling and unique feature installations.

- [MEP Integration](#)

We integrate Mechanical, Electrical, and Plumbing (MEP) services within our fit-out scope, providing a coordinated approach that reduces delays and maintains technical precision throughout the build.

- [Design Innovation](#)

Innovation is at the heart of our creative process. We combine the latest design trends with practical applications, sustainability principles, and technology to create intuitive and engaging spaces. Our designers collaborate closely with clients to develop customized solutions that enhance user experience while optimizing space utility.

BRANDING & ADVERTISING

In a world saturated with messages, standing out is not just an advantage—it's a necessity. At Al reesi Signs & Branding, we are the architects of visibility, crafting powerful, enduring brand experiences that resonate with audiences and drive business growth. We are a full-service signage and branding solutions provider with a passion for transforming physical spaces into dynamic brand statements.

Founded on the principles of unparalleled craftsmanship, innovative design, and a client-centric approach, we have spent years perfecting the art and science of visual communication. Our team of skilled designers, engineers, fabricators, and project managers collaborates seamlessly to take your brand from concept to landmark, ensuring every project is a testament to quality and a reflection of your unique identity.

our services include:

- 3d signboards & letters
- flex banners & large scale printing.
- promotional stickers, labels & flags
- LED screens and digital signage.
- ACP facade cladding
- Pole signage (pylons and monoliths).
- Retail , commercial & industrial branding

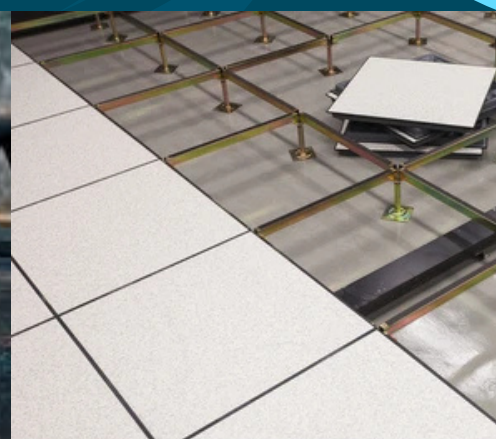

INDUSTRIAL & COMMERCIAL FLOORING

At Al Reesi Group, we don't just install floors; we engineer high-performance environments that are critical to our clients' operations. With over two decades of dedicated experience, we have established ourselves as a premier provider of specialized industrial and commercial flooring solutions. Our mission is to deliver unparalleled quality, technical expertise, and end-to-end project management, ensuring that every floor we install meets the exacting demands of its intended application. We are more than contractors; we are strategic partners committed to building the foundation for your success.

Our Expertise: Specialized Flooring Solutions:

Our core strength lies in our deep specialization across a range of technically demanding flooring systems. We understand that a floor is a critical asset, impacting safety, productivity, and operational efficiency. We supply & install following kinds of flooring

- A. ESD (Electro Static Discharge) Vinyl Flooring
- B. Raised Access Flooring
- C. Gym & Fitness Flooring
- D. Hospital & Healthcare Flooring
- E. Sports Flooring

AL Reesi

IT & Networking Services

COMMERCIAL IT AND NETWORKING SOLUTIONS

At AL REESI GROUP, we are more than just an IT service provider; we are architects of intelligent, interconnected business environments. Founded on the principles of innovation, reliability, and client-centricity, we empower organizations to harness the full potential of technology. Our mission is to design, implement, and manage holistic solutions that not only solve today's challenges but also provide a scalable foundation for tomorrow's growth. We bridge the gap between complex technology and tangible business outcomes, ensuring our clients operate with unparalleled efficiency, security, and intelligence.

OUR CORE SERVICES INCLUDE:

- **System Design & Installation:** Strategic placement of high-definition IP cameras for maximum coverage and effectiveness.
- **AI-Powered Analytics:** Integration of video analytics for license plate recognition (LPR), people counting, intrusion detection, and queue management.
- **Remote Monitoring & Management:** Secure cloud-based or on-premise video management systems (VMS) for 24/7 access from any device.
- **System Integration:**** Linking surveillance with access control, alarm systems, and smart barriers for a unified security response.
- **Technological Capabilities:** Expertise in leading brands like **Axis, Hikvision, and Milestone Systems**. Proficiency in ONVIF standards for interoperability and advanced video analytics platforms
